When will I receive my images?

Now that the session is over, the waiting begins. I know how hard it can be to wait to receive your images. Trust me, I have been there too, it is worth the wait.

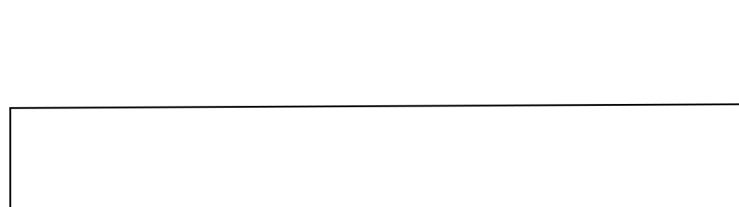

But one thing I pride myself on is quality images and that takes time. Here is what you can expect moving forward...

1 Sneak Peaks

You can expect your sneak peaks to be posted via social media within 48 hours of your session.

2 Gallery Delivery

You can expect to receive your gallery within 4 weeks. I will send an e-mail with a link when your gallery is ready for viewing.

3 Print Shop

Once your gallery is delivered, you will be able to print your pictures, download digital images, and order products directly from your gallery.

4 Expiration

Your gallery will expire 30 days after your images are delivered. Please be sure to take action quickly so you can avoid a re-upload fee.

Sneak Peaks

Once you receive your sneak peaks from me, I would love to hear your feedback on them. Please shoot me a response back with your reactions. You are also encouraged to:

- Share your sneak peaks on social media and tag me
- Tell your friends and family about your experience
- Leave me a review

Gallery Delivery

Once I finalize your images, I will upload them to a private online gallery. I will send you e-mail (and message) letting you know that they are ready for you to view.

After you view the images, you will be allowed to favorite, share, download digitals and order prints, wall art, card, or gifts from the print shop. All can be done straight from the gallery.

I will include download instructions with your gallery delivery e-mail so be on the look out. A print release will be included with the digital download images.

MY CURRENT TURNAROUND TIME FOR GALLERY DELIVERY IS 4 - 6 WEEKS.

Guide To Our

PRINT SHOP

albums & prints make great gifts for friends & family members

• PRODUCTS •

One of my favorite features of your gallery is the print shop. While digital images are fabulous, there is nothing like seeing your images come to life in print form. Some of the products you can order directly from your gallery include:

- Prints
- Canvases
- Metal Art
- Cards
- Large Prints
- Framed Prints

I highly recommend placing your order through the Print Shop as it is connected to professional labs that will not alter your image coloring and editing. I do make sure to choose the best labs to give you top of the line products with high quality to last for many years to come.

A young girl with blonde hair is running away from the camera on a brick path. She is wearing a white sleeveless dress with a pink and green floral pattern and orange sandals. Her hair is blowing in the wind, and her right leg is lifted in mid-stride. The background is a blurred green lawn and a dark wooden fence.
